This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

or offer of, or any order or certificate for, any gift, prize, premium, payment, or reward."

SEC. 11. That no article of imported merchandise which shall copy or simulate the name or trade-mark of any domestic manufacture or manufacturer, or which shall bear a name or mark, which is calculated to induce the public to believe that the article is manufactured in the United States, shall be admitted to entry at any custom-house of the United States. And in order to aid the officers of the customs in enforcing this prohibition, any domestic manufacturer who has adopted trade-marks may require his name and residence and a description of his trade-marks to be recorded in books which shall be kept for that purpose in the Department of the Treasury, under such regulations as the Secretary of the Treasury shall prescribe, and may furnish to the Department facsimiles of such trade-marks; and thereupon the Secretary of the Treasury shall cause one or more copies of the same to be transmitted to each collector or other proper officer of the customs.

SEC. 12. That all materials of foreign production which may be necessary for the construction of vessels built in the United States for foreign account and ownership, or for the purpose of being employed in the foreign trade, including the trade between the Atlantic and Pacific ports of the United States, and all such materials necessary for the building of their machinery, and all articles necessary for their outfit and equipment, may be imported in bond under such regulations as the Secretary of the Treasury may prescribe; and upon proof that such materials have been used for such purposes no duties shall be paid thereon. But vessels receiving the benefit of this section shall not be allowed to engage in the coastwise trade of the United States more than two months in any one year except upon the payment to the United States of the duties of which a rebate is herein allowed: *Provided*, That vessels built in the United States for foreign account and ownership shall not be allowed to engage in the coastwise trade of the United States.

SEC. 13. That all articles of foreign production needed for the repair of American vessels engaged in foreign trade, including the trade between the Atlantic and Pacific ports of the United States, may be withdrawn from bonded warehouses free of duty, under such regulations as the Secretary of the Treasury may prescribe.

SEC. 14. That the sixteenth section of an Act entitled "An Act to remove certain burdens on the American merchant marine and encourage the American foreign carrying trade, and for other purposes," approved June twenty-sixth, eighteen hundred and eighty-four, be amended so as to read as follows:

"SEC. 16. That all articles of foreign or domestic production needed and actually withdrawn from bonded warehouses and bonded manufacturing warehouses for supplies (not including equipment) of vessels of the United States engaged in foreign trade, or in trade between the Atlantic and Pacific ports of the United States, may be so withdrawn from said bonded warehouses, free of duty or of internal-revenue tax, as the case may be, under such regulations as the Secretary of the Treasury may prescribe; but no such articles shall be landed at any port of the United States."

SEC. 15. That all articles manufactured in whole or in part of imported materials, or of materials subject to internal-revenue tax, and intended for exportation without being charged with duty, and without having an internal-revenue stamp affixed thereto, shall, under such regulations as the Secretary of the Treasury may prescribe, in order to be so manu-

factured and exported, be made and manufactured in bonded warehouses similar to those known and designated in Treasury Regulations as bonded warehouses, class six: *Provided*, That the manufacturer of such articles shall first give satisfactory bonds for the faithful observance of all the provisions of law and of such regulations as shall be prescribed by the Secretary of the Treasury: *Provided further*, That the manufacture of distilled spirits from grain, starch, molasses or sugar, including all dilutions or mixtures of them or either of them, shall not be permitted in such manufacturing warehouses.

Whenever goods manufactured in any bonded warehouse established under the provisions of the preceding paragraph shall be exported directly therefrom or shall be duly laden for transportation and immediate exportation under the supervision of the proper officer who shall be duly designated for that purpose, such goods shall be exempt from duty and from the requirements relating to revenue stamps.

Any materials used in the manufacture of such goods, and any packages, coverings, vessels, brands, and labels used in putting up the same may, under the regulations of the Secretary of the Treasury, be conveyed without the payment of revenue tax or duty into any bonded manufacturing warehouse, and imported goods may, under the aforesaid regulations, be transferred without the exaction of duty from any bonded warehouse into any bonded manufacturing warehouse; but this privilege shall not be held to apply to implements, machinery, or apparatus to be used in the construction or repair of any bonded manufacturing warehouse or for the prosecution of the business carried on therein.

No articles or materials received into such bonded manufacturing warehouse shall be withdrawn or removed therefrom except for direct shipment and exportation or for transportation and immediate exportation in bond under the supervision of the officer duly designated therefor by the collector of the port, who shall certify to such shipment and exportation, or ladening for transportation, as the case may be, describing the articles by their mark or otherwise, the quantity, the date of exportation, and the name of the vessel. All labor performed and services rendered under these provisions shall be under the supervision of a duly designated officer of the customs and at the expense of the manufacturer.

A careful account shall be kept by the collector of all merchandise delivered by him to any bonded manufacturing warehouse, and a sworn monthly return, verified by the customs officers in charge, shall be made by the manufacturers containing a detailed statement of all imported merchandise used by him in the manufacture of exported articles.

Before commencing business the proprietor of any manufacturing warehouse shall file with the Secretary of the Treasury a list of all the articles intended to be manufactured in such warehouse, and state the formula of manufacture and the names and quantities of the ingredients to be used therein.

Articles manufactured under these provisions may be withdrawn under such regulations as the Secretary of the Treasury may prescribe for transportation and delivery into any bonded warehouse at an exterior port for the sole purpose of immediate export therefrom.

The provisions of Revised Statutes thirty-four hundred and thirty-three shall, so far as may be practicable, apply to any bonded manufacturing warehouse established under this Act and to the merchandise conveyed therein.

SEC. 16. That all persons are prohibited from importing into the

No such articles, whether imported separately or contained in packages with other goods entitled to entry, shall be admitted to entry; and all such articles shall be proceeded against, seized, and forfeited by due course of law. All such prohibited articles and the package in which they are contained in the course of importation shall be detained by the officer of customs, and proceedings taken against the same as hereinafter prescribed, unless it appears to the satisfaction of the collector of customs that the obscene articles contained in the package were inclosed therein without the knowledge or consent of the importer, owner, agent, or consignee: *Provided*, That the drugs hereinbefore mentioned, when imported in bulk and not put up for any of the purposes hereinbefore specified, are excepted from the operation of this section.

SEC. 18. That any judge of any district or circuit court of the United States, within the proper district, before whom complaint in writing of any violation of the two preceding sections is made, to the satisfaction of such judge, and founded on knowledge or belief, and if upon belief, setting forth the grounds of such belief, and supported by oath or affirmation of the complainant, may issue, conformably to the Constitution, a warrant directed to the marshal or any deputy marshal in the proper district, directing him to search for, seize, and take possession of any such article or thing mentioned in the two preceding sections, and to make due and immediate return thereof to the end that the same may be condemned and destroyed by proceedings, which shall be conducted in the same manner as other proceedings in the case of municipal seizure, and with the same right of appeal or writ of error.

SEC. 19. That machinery for repair may be imported into the United States without payment of duty, under bond, to be given in double the appraised value thereof, to be withdrawn and exported after said machinery shall have been repaired; and the Secretary of the Treasury is authorized and directed to prescribe such rules and regulations as may be necessary to protect the revenue against fraud and secure the identity and character of all such importations when again withdrawn and exported, restricting and limiting the export and withdrawal to the same port of entry where imported, and also limiting all bonds to a period of time of not more than six months from the date of the importation.

SEC. 20. That the produce of the forests of the State of Maine upon the Saint John River and its tributaries, owned by American citizens, and sawed or hewed in the Province of New Brunswick by American

citizens, the same being otherwise unmanufactured in whole or in part, which is now admitted into the ports of the United States free of duty, shall continue to be so admitted, under such regulations as the Secretary of the Treasury shall from time to time prescribe.

SEC. 21. SEC. 22. That a discriminating duty of ten per centum ad valorem, in addition to the duties imposed by law, shall be levied, collected, and paid on all goods, wares, or merchandise which shall be imported in vessels not of the United States, or which being the production or manufacture of any foreign country not contiguous to the United States, shall come into the United States from such contiguous country; but this discriminating duty shall not apply to goods, wares, or merchandise which shall be imported in vessels not of the United States, entitled at the time of such importation by treaty or convention to be entered in the ports of the United States on payment of the same duties as shall then be payable on goods, wares, and merchandise imported in vessels of the United States, nor to such foreign products or manufactures as shall be imported from such contiguous countries in the usual course of strictly retail trade.

SEC. 23. That no goods, wares, or merchandise, unless in cases provided for by treaty, shall be imported into the United States from any foreign port or place, except in vessels of the United States, or in such foreign vessels as truly and wholly belong to the citizens or subjects of that country of which the goods are the growth, production, or manufacture, or from which such goods, wares, or merchandise can only be, or most usually are, first shipped for transportation. All goods, wares, or merchandise imported contrary to this section, and the vessel wherein the same shall be imported, together with her cargo, tackle, apparel, and furniture, shall be forfeited to the United States; and such goods, wares, or merchandise, ship, or vessel, and cargo shall be liable to be seized, prosecuted, and condemned in like manner, and under the same regulations, restrictions, and provisions as have been heretofore established for the recovery, collection, distribution, and remission of forfeitures to the United States by the several revenue laws.

SEC. 24. That the preceding section shall not apply to vessels or goods, wares, or merchandise imported in vessels of a foreign nation which does not maintain a similar regulation against vessels of the United States.

SEC. 25. That the importation of neat cattle and the hides of neat cattle from any foreign country into the United States is prohibited: *Provided*, That the operation of this section shall be suspended as to any foreign country or countries, or any parts of such country or countries, whenever the Secretary of the Treasury shall officially determine, and give public notice thereof that such importation will not tend to the introduction or spread of contagious or infectious diseases among the cattle of the United States; and the Secretary of the Treasury is hereby authorized and empowered, and it shall be his duty, to make all necessary orders and regulations to carry this section into effect, or to suspend the same as herein provided, and to send copies thereof to

the proper officers in the United States, and to such officers or agents of the United States in foreign countries as he shall judge necessary.

SEC. 26. That any person convicted of a willful violation of any of the provisions of the preceding section shall be fined not exceeding five hundred dollars, or imprisoned not exceeding one year, or both, in the discretion of the court.

SEC. 27. That upon the reimportation of articles once exported, of the growth, product, or manufacture of the United States, upon which no internal tax has been assessed or paid, or upon which such tax has been paid and refunded by allowance or drawback, there shall be levied, collected, and paid a duty equal to the tax imposed by the internal-revenue laws upon such articles, except articles manufactured in bonded warehouses and exported pursuant to law, which shall be subject to the same rate of duty as if originally imported.

SEC. 28. That whenever any vessel laden with merchandise, in whole or in part subject to duty, has been sunk in any river, harbor, bay, or waters subject to the jurisdiction of the United States, and within its limits, for the period of two years, and is abandoned by the owner thereof, any person who may raise such vessel shall be permitted to bring any merchandise recovered therefrom into the port nearest to the place where such vessel was so raised free from the payment of any duty thereupon, but under such regulations as the Secretary of the Treasury may prescribe.

SEC. 29. That the works of manufacturers engaged in smelting or refining metals, or both smelting and refining, in the United States may be designated as bonded warehouses under such regulations as the Secretary of the Treasury may prescribe: *Provided*, That such manufacturers shall first give satisfactory bonds to the Secretary of the Treasury. Ores or metals in any crude form requiring smelting or refining to make them readily available in the arts, imported into the United States to be smelted or refined and intended to be exported in a refined but unmanufactured state, shall, under such rules as the Secretary of the Treasury may prescribe, and under the direction of the proper officer, be removed in original packages or in bulk from the vessel or other vehicle on which they have been imported, or from the bonded warehouse in which the same may be, into the bonded warehouse in which such smelting or refining, or both, may be carried on, for the purpose of being smelted or refined, or both, without payment of duties thereon, and may there be smelted or refined, together with other metals of home or foreign production: *Provided*, That each day a quantity of refined metal equal to ninety per centum of the amount of imported metal smelted or refined that day shall be set aside, and such metal so set aside shall not be taken from said works except for transportation to another bonded warehouse or for exportation, under the direction of the proper officer having charge thereof as aforesaid, whose certificate, describing the articles by their marks or otherwise, the quantity, the date of importation, and the name of vessel or other vehicle by which it was imported, with such additional particulars as may from time to time be required, shall be received by the collector of customs as sufficient evidence of the exportation of the metal, or it may be removed under such regulations as the Secretary of the Treasury may prescribe, upon entry and payment of duties, for domestic consumption, and the exportation of the ninety per centum of metals hereinbefore provided for shall entitle the ores and metals imported under the provisions of this section to admission without payment of the duties thereon: *Provided further*, That in respect to lead ores imported

under the provisions of this section the refined metal set aside shall either be reexported or the regular duties paid thereon within six months from the date of the receipt of the ore. All labor performed and services rendered under these regulations shall be under the supervision of an officer of the customs, to be appointed by the Secretary of the Treasury, and at the expense of the manufacturer.

SEC. 30. That where imported materials on which duties have been paid are used in the manufacture of articles manufactured or produced in the United States, there shall be allowed on the exportation of such articles a drawback equal in amount to the duties paid on the materials used, less one per centum of such duties: *Provided*, That when the articles exported are made in part from domestic materials the imported materials, or the parts of the articles made from such materials, shall so appear in the completed articles that the quantity or measure thereof may be ascertained: *And provided further*, That the drawback on any article allowed under existing law shall be continued at the rate herein provided. That the imported materials used in the manufacture or production of articles entitled to drawback of customs duties when exported shall, in all cases where drawback of duties paid on such materials is claimed, be identified, the quantity of such materials used and the amount of duties paid thereon shall be ascertained, the facts of the manufacture or production of such articles in the United States and their exportation therefrom shall be determined, and the drawback due thereon shall be paid to the manufacturer, producer, or exporter, to the agent of either or to the person to whom such manufacturer, producer, exporter, or agent shall in writing order such drawback paid, under such regulations as the Secretary of the Treasury shall prescribe.

SEC. 31. That all goods, wares, articles, and merchandise manufactured wholly or in part in any foreign country by convict labor shall not be entitled to entry at any of the ports of the United States, and the importation thereof is hereby prohibited, and the Secretary of the Treasury is authorized and directed to prescribe such regulations as may be necessary for the enforcement of this provision.

SEC. 32. That sections seven and eleven of the Act entitled "An Act to simplify the laws in relation to the collection of the revenues," approved June tenth, eighteen hundred and ninety, be, and the same are hereby, amended so as to read as follows:

SEC. 7. That the owner, consignee, or agent of any imported merchandise which has been actually purchased may, at the time when he shall make and verify his written entry of such merchandise, but not afterwards, make such addition in the entry to the cost or value given in the invoice or pro forma invoice or statement in form of an invoice, which he shall produce with his entry, as in his opinion may raise the same to the actual market value or wholesale price of such merchandise at the time of exportation to the United States, in the principal markets of the country from which the same has been imported; but no such addition shall be made upon entry to the invoice value of any imported merchandise obtained otherwise than by actual purchase; and the collector within whose district any merchandise may be imported or entered, whether the same has been actually purchased or procured otherwise than by purchase, shall cause the actual market value or wholesale price of such merchandise to be appraised; and if the appraised value of any article of imported merchandise subject to an ad valorem duty or to a duty based upon or regulated in any manner by the value thereof shall exceed the value declared in the entry, there shall be levied, collected, and paid, in addition to the duties imposed by

law on such merchandise, an additional duty of one per centum of the total appraised value thereof for each one per centum that such appraised value exceeds the value declared in the entry, but the additional duties shall only apply to the particular article or articles in each invoice that are so undervalued, and shall be limited to fifty per centum of the appraised value of such article or articles. Such additional duties shall not be construed to be penal, and shall not be remitted, nor payment thereof in any way avoided, except in cases arising from a manifest clerical error, nor shall they be refunded in case of exportation of the merchandise, or on any other account, nor shall they be subject to the benefit of drawback: *Provided*, That if the appraised value of any merchandise shall exceed the value declared in the entry by more than fifty per centum, except when arising from a manifest clerical error, such entry shall be held to be presumptively fraudulent, and the collector of customs shall seize such merchandise and proceed as in case of forfeiture for violation of the customs laws, and in any legal proceeding that may result from such seizure, the undervaluation as shown by the appraisal shall be presumptive evidence of fraud, and the burden of proof shall be on the claimant to rebut the same and forfeiture shall be adjudged unless he shall rebut such presumption of fraudulent intent by sufficient evidence. The forfeiture provided for in this section shall apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles in each invoice which are undervalued: *Provided, further*, That all additional duties, penalties or forfeitures applicable to merchandise entered by a duly certified invoice, shall be alike applicable to merchandise entered by a pro forma invoice or statement in the form of an invoice, and no forfeiture or disability of any kind, incurred under the provisions of this section shall be remitted or mitigated by the Secretary of the Treasury. The duty shall not, however, be assessed in any case upon an amount less than the invoice or entered value.

SEC. 11. That, when the actual market value as defined by law, of any article of imported merchandise, wholly or partly manufactured and subject to an ad valorem duty, or to a duty based in whole or in part on value, can not be otherwise ascertained to the satisfaction of the appraising officer, such officer shall use all available means in his power to ascertain the cost of production of such merchandise at the time of exportation to the United States, and at the place of manufacture; such cost of production to include the cost of materials and of fabrication, all general expenses covering each and every outlay of whatsoever nature incident to such production, together with the expense of preparing and putting up such merchandise ready for shipment, and an addition of not less than eight nor more than fifty per centum upon the total cost as thus ascertained; and in no case shall such merchandise be appraised upon original appraisal or reappraisement at less than the total cost of production as thus ascertained. It shall be lawful for appraising officers, in determining the dutiable value of such merchandise, to take into consideration the wholesale price at which such or similar merchandise is sold or offered for sale in the United States, due allowance being made for estimated duties thereon, the cost of transportation, insurance, and other necessary expenses from the place of shipment to the United States, and a reasonable commission, if any has been paid, not exceeding six per centum.

SEC. 33. That on and after the day when this Act shall go into effect all goods, wares, and merchandise previously imported, for which no

entry has been made, and all goods, wares, and merchandise previously entered without payment of duty and under bond for warehousing, transportation, or any other purpose, for which no permit of delivery to the importer or his agent has been issued, shall be subjected to the duties imposed by this Act and to no other duty, upon the entry or the withdrawal thereof: *Provided*, That when duties are based upon the weight of merchandise deposited in any public or private bonded warehouse, said duties shall be levied and collected upon the weight of such merchandise at the time of its entry.

SEC. 34. That sections one to twenty-four, both inclusive, of an Act entitled "An Act to reduce taxation, to provide revenue for the Government, and for other purposes," which became a law on the twenty-eighth day of August, eighteen hundred and ninety-four, and all acts and parts of acts inconsistent with the provisions of this Act are hereby repealed, said repeal to take effect on and after the passage of this Act, but the repeal of existing laws or modifications thereof embraced in this Act shall not affect any act done, or any right accruing or accrued, or any suit or proceeding had or commenced in any civil cause before the said repeal or modifications; but all rights and liabilities under said laws shall continue and may be enforced in the same manner as if said repeal or modifications had not been made. Any offenses committed and all penalties or forfeitures or liabilities incurred prior to the passage of this Act under any statute embraced in or changed, modified, or repealed by this Act may be prosecuted or punished in the same manner and with the same effect as if this Act had not been passed. All Acts of limitation, whether applicable to civil causes and proceedings or to the prosecution of offenses or for the recovery of penalties or forfeitures embraced in or modified, changed, or repealed by this Act shall not be affected thereby; and all suits, proceedings, or prosecutions, whether civil or criminal, for causes arising or acts done or committed prior to the passage of this Act may be commenced and prosecuted within the same time and with the same effect as if this Act had not been passed: *And provided further*, That nothing in this Act shall be construed to repeal the provisions of section three thousand and fifty-eight of the Revised Statutes as amended by the Act approved February twenty-third, eighteen hundred and eighty-seven, in respect to the abandonment of merchandise to underwriters or the salvors of property, and the ascertainment of duties thereon: *And provided further*, That nothing in this Act shall be construed to repeal or in any manner affect the sections numbered seventy-three, seventy-four, seventy-five, seventy-six, and seventy-seven of an Act entitled "An Act to reduce taxation, to provide revenue for the Government, and for other purposes," which became a law on the twenty-eighth day of August, eighteen hundred and ninety-four.

Cuadro K.—Lana y sus Manufacturas.

348. Todas las lanas, pelo de camello, de cabra, de alpaca y de otros animales semejantes se dividen con el objeto de imponerles derechos en las tres clases siguientes:

349. Clase No. 1: Lana de merino, mestiza, de metz ó de metis, ú otras lanas de la raza del merino, immediata ó remota, lana fina para hacer paños, y lanas de igual calidad que las precedentes, incluyendo lana de Bagdad, lana de cordero de la China, Castel Branco, lana de Adrinópolis ó de carnicero, y las que hasta ahora se ha acostumbrado importar á los Estados Unidos de Buenos Aires, Nueva Zelandia, Australia, Cabo de Buena Esperanza, Rusia, la Gran Bretaña, el Canadá, Egipto Marruecos, y otras partes, y todas las lanas no incluidas en las clases dos y tres de que se habla en seguida.

350. Clase No. 2: Lana larga de Leicester, Cotswold, Lincolnshire, y lana larga fina, y las lanas largas del Canadá ú otras lanas largas semejantes de ovejas de raza inglesa, y comunmente conocidas con los nombres aquí expresados, y asi mismo el pelo de camello, el de cabra de Angora, de alpaca y el de otros animales semejantes.

351. Clase No. 3: Lanas de Donskoi, de la América del Sur, de Córdoba, de Valparaíso, de Smirna, de camello de Rusia y todas las lanas de la misma calidad que se ha acostumbrado hasta ahora importar á los Estados Unidos de Turquía, Grecia, Siria y otras partes, exceptuando las lanas mejoradas de que se habla adelante.

352. Las muestras típicas de todas las lanas que están depositadas ó puedan estarlo más tarde por órden del Ministro de Hacienda en las aduanas principales de los Estados Unidos, servirán de modelo para la clasificación de las lanas á que se hace referencia en esta Tarifa, y el Ministro de Hacienda podrá renovar estos modelos ó aumentar su número de tiempo en tiempo, según lo estime conveniente, y hará que se depositen modelos semejantes en otras aduanas de los Estados Unidos cuando se necesiten.

353. Siempre que por la mezcla de lanas de la raza del merino ó inglesa, las de la clase No. 3 hayan mejorado de la calidad que les corresponde según las modelos que están depositados en las aduanas princi-

pales de los Estados Unidos ó puedan estarlo más tarde, tales lanas mejoradas serán clasificadas, para el efecto de pagar derechos, como perteneciendo á la Clase No. 1 ó No. 2, según resultase.

354. Los derechos sobre las lanas de la clase No. 1 que sean importadas lavadas, serán dos veces mayores que si fueren importadas sin lavar, y los derechos sobre las lanas de las clases No. 1 y No. 2 que vengan desengrasadas, serán tres veces mayores que los que pagarían si fueren introducidas sin lavar. Los derechos sobre las lanas de la clase No. 3 cuando se las importa en estado de poder cardarlas ó hilarlas, y que no contengan más de ocho por ciento de suciedad ó substancias extrañas, serán tres veces mayores que los que pagarían en otras condiciones.

355. Se entenderá por lanas no lavadas aquellas que hayan sido trasquiladas sin limpiarlas, esto es en su estado natural, y por lavadas aquellas que hayan sido lavadas solamente con agua mientras estaban sobre la oveja viva ó en su piel, ya muerta aquella. Lanas de las clases No. 1 y 2 que sean lavadas de otra manera, se considerarán como desengrasadas.

356. Los derechos sobre la lana de oveja, pelo de camello, de cabra de Angora, de alpaca ó de otro animal semejante, que pertenezcan á las clases No. 1 y 2 y que sean importadas en otro estado que el natural y que hayan sido escogidas ó mejoradas por el hecho de haberles quitado una parte del vellón original, serán dos veces más que si esta operación no se hubiera verificado; entendiéndose que se exceptúan las lanas recortadas, como las que fueron importadas en 1890 y antes de esa fecha. Los derechos sobre la lana de oveja, pelo de camello, de cabra de Angora, de alpaca ó de otro animal de cualquiera clase, cuya condición se haya alterado con el objeto de evadir el pago de dichos derechos, ó cuyo valor se haya reducido mezclándolas con alguna suciedad ó con cualquiera otra substancia extraña, serán doble mayores de lo que serían sin estas condiciones. Cuando los derechos impuestos sobre cualquiera lana sean tres veces mayores ó aún más de lo que pagaría si aquélla hubiera sido importada sin lavar, no se doblarán dichos derechos por la circunstancia de que dicha lana sea escogida. En caso de que un fardo ó bulto de lana ó pelo de los mencionados en esta Tarifa sea introducido ó facturado como perteneciente á una clase especificada, ó acerca del cual el importador sostenga que debe pagar el derecho que corresponde á una clase especificada, resultare conteniendo lana ó pelo gravados con un derecho mayor que la clase así especificada, todo el fardo ó bulto pagará los derechos más altos que se imponen á la lana que los pague mayores, y si el importador pretende que el fardo ó bulto contiene lana, lana contrahecha, lana artificial, vedijas de lana, pelo ú otro material especificado en esta Tarifa, y resultare una mezcla de algunas de estas substancias, ó de otras, el fardo ó bulto pagará el derecho más alto que se imponga á aquel de los materiales en él contenido que lo pague más alto.

357. Los derechos sobre todas las lanas y pelos de la clase No. 1, serán 11 centavos por libra; y sobre todas las lanas y pelos de la clase No. 2, 12 centavos por libra.

Todo funcionario, agente ó empleado del Gobierno de los Estados Unidos, que á sabiendas ayude ó favorezca á alguien en la infracción de alguna de las disposiciones que prohiben la importación, anuncio, comercio, exposición, envío ó recepción por correo de publicaciones ó grabados obscenos ó indecentes, ó preparados para impedir la concepción ó procurar el aborto, ú otros objetos inmorales, se considerará reo de delito punible y podrá ser castigado cada vez con una multa que no pasará de 5,000 pesos, ó con pena de presidio por no más de diez años, ó con ambas cosas.

SEC. 18. Los jueces de distrito ó circuito de los Estados Unidos, ante quienes se presente acusación escrita de cualquier infracción de lo dispuesto en los dos artículos anteriores, podrán, si la acusación está fundada á satisfacción del juez, bien en conocimiento propio ó en mera creencia, acompañado de las razones en que tal creencia se apoya, y previa la prestación de juramento por el acusador, expedir, con arreglo á la Constitución, una órden de arresto dirigido al *marshal* ó su representante en el distrito, ordenándole que busque, aprehenda y tome

posesión del objeto en cuestión, mencionado en los dos artículos precedentes, y haga inmediata entrega del mismo, á fin de que sea condenado y destruído; y estos procedimientos se practicarán en la misma forma que cuando se trate de aprehensiones municipales y con iguales derechos de apelación.

SEC. 19. La maquinaria que entre para sufrir reparaciones podrá importarse en los Estados Unidos sin pagar derechos, previa la prestación de garantía, que será doble del valor calculado, y deberá ser reexportada después de su reparación; el Ministro de Hacienda está facultado para dictar las disposiciones oportunas para evitar todo fraude y asegurar la identidad de los objetos reexportados, limitando á seis meses la facultad de exportarlos por el mismo puerto de entrada, y concediendo también un plazo igual para la cancelación de las fianzas.

SEC. 20. Los productos de los bosques del Estado de Maine que quedan sobre el Río Saint John y sus tributarios y que pertenezcan á ciudadanos americanos, que hayan sido aserrados ó cortados en la Provincia de New Brunswick por ciudadanos americanos, y que no estén labrados en todo ó en parte, y que en la actualidad entran á los puertos de los Estados Unidos libres de derechos, seguirán gozando de esta franquicia de conformidad con los reglamentos que de tiempo en tiempo dicte el Ministro de Hacienda.

SEC. 21. Los productos de los bosques del Estado de Maine que quedan sobre el Río Saint Croix y sus tributarios y que pertenezcan á ciudadanos americanos, que hayan sido aserrados y cortados en la Provincia de New Brunswick por ciudadanos americanos, y que no estén labrados en todo ó en parte, serán admitidos en los puertos de los Estados Unidos libres de derechos, de conformidad con los reglamentos que de tiempo en tiempo dicte el Ministro de Hacienda.

SEC. 22. Un derecho diferencial de 10 por ciento ad valorem, además de los señalados por la ley, será impuesto sobre todos los efectos, géneros y mercancías que sean importados en navíos que no pertenezcan á los Estados Unidos, ó que siendo el producto ó manufactura de algún país extranjero no contiguo á éstos, vengan á los Estados Unidos de un país vecino, pero este impuesto diferencial no tendrá efecto en los artículos, géneros y mercancías que sean importados en navíos extranjeros que mediante tratados ó convenciones tengan derecho en la época en que se hace la importación de entrar á los puertos de los Estados Unidos, pagando los mismos derechos que se cobran á los efectos, géneros y mercancías importados en navíos de los Estados Unidos, ni tampoco se impondrán dichos derechos á los productos ó manufacturas extranjeras que sean importadas de países vecinos en el curso ordinario del comercio al por menor.

SEC. 23. Excepto en los casos previstos por los tratados, la importación de mercancías de cualquier punto del extranjero sólo se efectuará en buques de los Estados Unidos ó en buques pertenecientes en propiedad á súbditos de la nación de que las mercancías procedan ó de donde únicamente puedan ó sean primitivamente embarcadas para su transporte. Toda mercancía que se importe con infracción de esta disposición, así como los buques en que venga, con todo su cargamento, jarcias, aparejos y muebles, serán confiscados á favor de los Estados Unidos, quedando sujetos en un todo á ser embargados, perseguidos y condenados de la misma manera y bajo las mismas regulaciones, restricciones y disposiciones que rigen para el cobro, distribución y remisión de objetos confiscados, según se previene en las diferentes leyes que versan sobre la renta.

SEC. 24. Lo preceptuado en la disposición anterior no se aplicará á

los buques ó mercancías importadas en buques extranjeros, en cuya nación no se apliquen disposiciones de esa naturaleza á las embarcaciones de los Estados Unidos.

SEC. 25. Queda prohibida la importación en los Estados Unidos de ganado vacuno y sus cueros, sea cualquiera el país extranjero de que procedan; entendiéndose que esta disposición podrá suspenderse por lo que hace á alguno ó algunos países extranjeros ó á alguna parte de dicho país ó países siempre que el Ministro de Hacienda resuelva oficialmente y dé público aviso de que tal importación no dará por resultado la introducción ó propagación de enfermedades infecciosas ó contagiosas entre los ganados de los Estados Unidos; el mismo Ministro está autorizado, siendo su deber el hacerlo, para emitir cuantas medidas sean necesarias á fin de llevar á efecto esta disposición ó suspender su ejecución, como queda dicho, y remitirá copias de sus decretos á los funcionarios á quienes corresponda y á los agentes ó representantes de los Estados Unidos en el extranjero, según le pareciere.

SEC. 26. Todo el que voluntariamente infrinja alguna de las disposiciones del artículo anterior, incurrirá en una multa que no pasará de 500 pesos, ó en prisión que no excederá de un año, ó en ambas cosas, á juicio del tribunal.

SEC. 27. Los artículos que, siendo producto ó fabricación de los Estados Unidos, se exporten sin haber pagado impuestos de la renta interior ó que si los hubieren pagado, la cantidad ha sido devuelta, pagarán á su reimportación un derecho igual al impuesto interior marcado para los mismos; pero los fabricados en almacenes de depósito de la aduana y exportados con arreglo á la ley serán aforados como si se importasen por vez primera del extranjero.

SEC. 28. Siempre que un navío cargado con mercancías en todo ó en parte sujetas á derechos, se haya ido á pique en algún río, hahía, puerto ú otras aguas jurisdicionales de los Estados Unidos y dentro de sus límites, y que haya permanecido en ese estado por el espacio de dos años, y haya sido abandonado por su dueño, cualquiera persona que lo ponga á flote tendrá derecho para introducir sin pagar derechos cualquier mercancía que salve del susodicho navío en el puerto más inmediato al lugar donde aquel fué puesto á flote, sujetándose á lo que al efecto disponga el Ministro de Hacienda.

SEC. 29. Los talleres de fundición ó refinación de metales ó de ambas cosas, establecidos en los Estados Unidos, podrán considerarse como depósitos de aduana, con arreglo á las disposiciones dictadas al efecto por el Ministro de Hacienda; entendiéndose que los dueños de dichos talleres prestarán previamente al Ministro de Hacienda la fianza correspondiente. Los minerales ó metales en bruto que requieran fundirse ó refinarse para su empleo en las artes, y que se importen á fin de ser reexportados después de sufrir la expresada operación, pero sin manufacturar, pueden trasladarse, sin pagar derechos, con sujeción á lo que disponga el Ministro de Hacienda y bajo la dirección del funcionario designado al efecto, en sus primitivos embalajes ó á granel, del buque ú otro vehículo en que se haya efectuado la importación, ó del depósito en que se encuentren, al otro en que haya de tener lugar la fundición ó refinación, ó ambas cosas juntamente, con otros metales de producción nacional ó extranjera; entendiéndose que cada día se apartará la cantidad de metal refinado equivalente al noventa por ciento del metal importado, cuyo metal así apartado no se retirará de los talleres sino para su transporte á otro depósito ó para su exportación, bajo la vigilancia del expresado funcionario, cuya certificación, describiendo los artículos por sus marcas,

cantidad, fecha de la importación y nombre del buque ó vehículo en que se hizo la importación, con los demás detalles que puedan exigirse, será entregada al administrador de la aduana y servirá para dar fe de que la exportación se ha realizado; ó bien podrá retirarse con arreglo á lo dispuesto por el Ministro de Hacienda, para ser destinado al consumo, mediante el pago de los derechos legales. La exportación del noventa por ciento de los metales atrás mencionados, relevará á los minerales y metales importados, de conformidad con las prescripciones de esta sección, del pago de derechos; entendiéndose además que con respecto á los minerales de plomo, importados de conformidad con las prescripciones de esta sección, el metal refinado que se aparte será reexportado ó pagará los derechos ordinarios, dentro de seis meses de la fecha en que se introdujo el mineral. Todas las operaciones que se ejecuten y los servicios que se presten en virtud de estas regulaciones, estarán bajo la vigilancia de un empleado de aduana, nombrado por el Ministro de Hacienda, y serán por cuenta del dueño del taller.

SEC. 30. Por los materiales importados con pago de derechos para la fabricación de artículos producidos ó manufacturados en los Estados Unidos, se devolverá, al ser exportados dichos artículos, una cantidad igual á los derechos pagados, menos el uno por ciento de los mismos; entendiéndose que si los artículos exportados están hechos en parte con materiales nacionales, la parte que de los estranjeros haya entrado en su composición deberá ser aparente, de manera que su cantidad ó medida puedan determinarse exactamente; y entendiéndose además que la devolución de derechos sobre cualquier artículo, de conformidad con la ley vigente, continuará en la proporción aquí establecida, siendo preciso identificar los materiales importados que se han empleado en la fabricación ó producción de artículos que tengan opción á la devolución de los derechos de aduanas á su exportación, en todos aquellos casos en que se reclame la devolución de derechos pagados. También habrá que comprobar la cantidad de materiales empleados y el monto de los derechos pagados, así como el hecho de haberse fabricado los artículos en los Estados Unidos y de haberse efectuado su exportación, y la suma que se devuelva se entregará al fabricante, productor, exportador ó agente de alguno de ellos, ó á la persona á quien el fabricante, productor, exportador ó agente ordene por escrito que se pague la cantidad, con sujeción á las disposiciones dictadas por el Ministro de Hacienda.

SEC. 31. Queda absolutamente prohibida la importación de artículos, mercancías y géneros manufacturados en todo ó en parte por presidiarios ó presos en el extranjero, y el Ministro de Hacienda dictará los reglamentos oportunos para el mejor cumplimiento de esta disposición.

SEC. 32. Las secciones siete y once de la ley titulada "Una ley para simplificar las que se relacionan con la recaudación de las rentas" aprobada el 10 de Junio de 1890, quedan modificadas del modo siguiente:

SEC. 7. El dueño de cualquiera mercancía que se importe y que haya sido realmente comprada, ó su consignatario ó agente, podrán, al tiempo de hacer y comprobar la declaración de entrada, pero no después, agregar en ella al costo ó valor que se dé á la mercancía en la factura, ó factura simulada, ó exposición en forma de factura que presentaren junto con la dicha declaración, la cantidad que juzguen necesaria para elevar el precio de la mercancía al que realmente tenía al por mayor en los mercados principales de donde procede al ser exportada para los Estados Unidos; pero tratándose de mercancías que hubiesen sido obtenidas de otro modo que por medio de real y verdadera compra, no se podrá agregar nada al hacer la declaración antedicha al precio

que figure en la factura. El administrador de la aduana en cuyo distrito alguna mercancía sea importada ó declarada, ya haya sido esta comprada ú obtenida de otra manera, la hará aforar á fin de establecer cual es su verdadero valor al por mayor; y si de este aforo resultare que el valor de una mercancía gravada con derechos ad valorem ó que deban cobrarse según el costo de la misma, es mayor que el que aparece en la declaración de entrada, dicha mercancía pagará, además de los derechos impuestos por la ley, un derecho adicional del uno por ciento del monto total del aforo sobre cada uno por ciento en que la cantidad aforada exceda á la que aparece en la declaración de entrada; pero estos derechos adicionales solamente se aplicarán al artículo ú artículos que en cada factura figuren con un valor menor que el que realmente tienen, pero se limitará al 50 por ciento del valor aforado. No se debe entender que estos derechos adicionales se imponen como un castigo, y no serán dispensados ó el pago de ellos en manera alguna eludido, excepto en los casos en que el error sea claramente un error de pluma, ni serán devueltos si la mercancía se exportase ó por ningún otro motivo, ni gozarán del privilegio de restitución; entendiéndose que si el valor aforado de alguna mercancía excede al declarado en más del 50 por ciento, exceptuando los dichos errores de pluma, la declaración se considerará como fraudulenta, y el administrador de aduana embargará dicha mercancía y procederá como en los casos de decomiso por violación de las leyes aduaneras, y en cualquier juicio que resultare de dicho embargo el hecho de habérsele dado un valor falso á la mercancía, según se demuestre por el aforo, se tendrá como indicio vehemente de fraude, y al reclamante tocará demostrar que no se ha tratado de cometer dicho fraude, y la mercancía será confiscada si no logra probar, por pruebas legales, que no tuvo intención de cometer aquél. El decomiso de que se habla en esta sección se aplicará á toda la mercancía (ó al valor que represente), que venga en la caja ó paquete que contenga el artículo ó artículos cuyo valor aparezca en cada factura menor de lo que realmente es; y entendiéndose además que los derechos adicionales, multas ó decomisos aplicables á la mercancía que se declare por medio de una factura debidamente certificada, serán también aplicables á la que se declare valiéndose de una factura simulada ó exposición en forma de factura, y ningún decomiso ó incapacidad de cualquiera clase en que se incurra, conforme á las prescripciones de esta sección, serán dispensados ó mitigados por el Ministro de Hacienda. Los derechos en ningún caso se calcularán sobre una cantidad menor de la que aparece en la factura ó declaración de entrada.

SEC. 11. Cuando no sea posible al empleado valuador averiguar de otra manera el verdadero valor de plaza de una mercancía, según lo defina la ley, en todo ó en parte manufacturada y sujeta á pagar derechos ad valorem, ó basados en todo ó en parte sobre su valor, dicho empleado hará uso de todos los medios que tenga á su alcance al fin de averiguar el costo de la producción de tal mercancía en la época en que fué exportada á los Estados Unidos y en el lugar donde se la fabricó. En el costo de la producción se debe incluir el de los materiales y el de la fabricación, lo mismo que todos y cada uno de los gastos, de cualquiera naturaleza que sean, ocasionados por dicha producción, é igualmente los gastos que se hubieren hecho en preparar dicha mercancía y ponerla en estado de ser embarcada, y además de esto un aumento de no menos de ocho ni de más de cincuenta por ciento sobre el costo total asi averiguado; y en ningún caso se valorará dicha mercancía, ya se practique el primer aforo ú otros, en menos de la cantidad total que haya costado su producción averiguada de la manera que aquí se indica. Los empleados valuadores podrán, al determinar cual es el valor sobre el que han de imponer los

derechos á la mercancía, tomar en consideración el precio á que dicha mercancía ú otra parecida se vende ó se ofrece en venta al por mayor en los Estados Unidos, tomando en cuenta los derechos que se le calculen, el costo de transportación, de seguro y otros gastos que necesariamente debe de haber ocasionado su traslación del lugar donde fué embarcada á los Estados Unidos, y también una comisión razonable, si alguna se ha pagado, y que no exceda del seis por ciento.

SEC. 33. A partir de la fecha en que esta Tarifa entre en vigor, todos los efectos, géneros y mercancías previamente importados y acerca de los cuales no se haya hecho la declaración correspondiente, y todos aquellos que hayan entrado sin pagar derechos, bajo fianza, ya sea para ponerlos en almacenes de depósito, para transportarlos ó para otro fin cualquiera, y respecto de los cuales no se haya dado orden de entrega al importador ó a su agente, pagarán, al hacerse la declaración ó al retirarse los mismos, los derechos que se imponen en esta Tarifa; entendiéndose que cuando los derechos se basen sobre el precio de la mercancía depositada en algún almacen de depósito público ó privado y bajo fianza, aquellos se cobren sobre el peso que la mercancía tenía en la fecha en que se hizo la declaración de entrada.

SEC. 34. Desde las secciones primera hasta la vigésima cuarta inclusives de la ley titulada "Una ley para reducir impuestos, para proveer de rentas al Gobierno, y para otros fines," que entró en vigencia el 28 de Agosto de 1894, y todas las leyes ó partes de ellas que sean incompatibles con las prescripciones de esta Tarifa, quedan derogadas, y esta derogación comenzará á surtir sus efectos á partir de la fecha de la aprobación de esta Tarifa; pero la mencionada derogación no afectará actos ejecutados, ni derecho alguno adquirido, ni juicio ó procedimiento alguno que se hayan verificado ó iniciado en asunto civil antes de esta derogación ó modificación; pero todos los derechos adquiridos y responsabilidades incurridas bajo las citades leyes continuarán y podrán hacerse efectivos como si dicha derogación ó modificacion no hubieran tenido lugar. Respecto de cualquiera falta que se haya cometido y de todas las multas ó decomisos ó responsabilidades en que se haya incurrido antes de la aprobación de esta Tarifa, por la infracción de alguna ley mencionada en la presente, ó alterada, modificada ó derogada por la misma, se procederá para los efectos legales como si esta Tarifa no hubiera sido aprobada. Todas las leyes de prescripción, ya sean aplicables á causas y procedimientos civiles ó criminales, ó para hacer efectivas multas ó decomisos, que se mencionen en la presente Tarifa, y que parezcan modificados, alterados ó derogados, no dejarán de surtir sus efectos; y todos los juicios, procedimientos ó causas civiles ó criminales por hechos ó actos ejecutados antes de la aprobación de esta ley, podrán iniciarse y continuarse dentro del mismo tiempo y con los mismos efectos como si esta Tarifa no hubiera sido emitida; entendiéndoso que ninguna disposición contenida en esta ley se interpretará como derogatoria de lo que prescribe la seccion 3058 de los Estatutos Revisados, tal como fué enmendada por la ley del 23 de febrero de 1887, relitava al abandono de mercancías á beneficio de los aseguradores ó salvadores, y al cómputo de los derechos que deben pagar; y entendiéndose además que ninguna de las disposiciónes de esta Tarifa se interpretará como derogatoria ó en manera alguna reformatoria de las secciones 73, 74, 75, 76 y 77 de la ley titulada "Una ley para reducir los impuestos, proveer de rentas al Gobierno y para otros fines," la cual empezó á regir el 28 de Agosto de 1894.

SEC. 32. As secções sete e onze da lei intitulada "Uma lei para simplificar as leis relativas á arrecadação das rendas," approvada a 10 de junho de 1890, modificam-se do modo seguinte:

SEC. 7. O dono, consignatario ou agente de qualquer mercadoria que se importar que tiver sido realmente comprada, poderão ao tempo de fazer e provar a declaração de entrada, mas não depois, accrescentar nella o custo ou valor que se dê á mercadoria na factura, ou factura provisoria, ou exposição em forma de factura que apresentarem junto com a dita declaração, a quantidade que julguem necessaria para elevar o preço da mercadoria ao que tinha por atacado nos mercados principaes de donde procede ao ser exportada para os Estados Unidos; mas tratando-se de mercadorias que tiverem sido obtidas de outro modo que por meio de real e verdadeira compra, não se poderá accrescentar nada ao fazer a declaração acima dita ao preço que figure na factura. O inspector da alfandega em cujo districto se importar ou declarar alguma mercadoria que tiver sido comprada ou obtida de outra maneira, a fará avaliar afim de estabelecer qual o seu verdadeiro valor por atacado; e si desta avaliação resultar que o valor de uma mercadoria sujeita a pagar direitos ad valorem ou que devam cobrar-se segundo o custo da mesma, é maior que o que apparece na declaração da entrada, a dita mercadoria pagará os direitos impostos pela lei e um direito addicional do 1 por cento da somma total da avaliação sobre cada 1 por cento em que a quantidade avaliada excede á que apparece na declaração de entrada; mas estes direitos addicionaes somente applicar-se-hão ao artigo ou artigos que em cada factura figurem com um valor menor que o que realmente tem, mas serão limitados a 50 por cento do valor avaliado. Não se deve entender que estes direitos addicionaes se impõem como um castigo e não serão remittidos ou o pagamento delles de maneira alguma illudido, excepto nos casos em que o erro seja claramente um erro de penna, nem serão restituidos si se exportar a mercadoria ou por nenhum outro motivo, nem gozarão do privilegio de restituição. Com tanto, que si o valor avaliado de uma mercadoria exceder ao valor declarado em mais de 50 por cento, exceptuando-se os ditos erros de penna, a declaração será considerada como fraudulenta, e o inspector de alfandega apprehenderá a dita mercadoria e procederá como nos casos de confiscação por violação das leis aduaneiras, e em qualquer juizo que resultar de dita apprehensão, a avaliação em menos será evidencia clara de fraude, e o requerente deverá demonstrar que não se tratóu de commetter a dita fraude, e a mercadoria será confiscada si não provar por testemunho sufficiente que não teve intenção de commetter fraude. A confiscação especificada nesta secção será applicavel a toda a mercadoria, ou ao valor que represente, que vier na caixa ou volume que contenha o artigo ou artigos cujo valor appareça em cada factura menor do que realmente é, e com tanto que os direitos addicionaes, multas, ou confiscações applicaveis a mercadoria que se declara por meio de uma factura devidamente certificada, serão tambem applicaveis a que se declare avaliando-se de uma factura provisoria ou exposição em forma de factura, e nenhuma confiscação ou incapacidade de qualquer classe que se incorrer conforme as estipulações desta secção serão remittidas ou mitigadas pelo Secretario do Thesouro. Os direitos em nenhum caso serão calculados sobre uma quantidade menor do que a que apparece na factura ou declaração de entrada.

SEC. 11. Quando o avaliador não possa determinar á sua satisfação, o verdadeiro valor de praça, segundo o defina a lei de uma mercadoria, em todo ou em parte manufacturada e sujeita a pagar direitos ad valorem, ou baseados em todo ou em parte sobre seu valor, o dito avaliador fará uso de todos os meios que tenha a seu alcance afim de determinar o custo da producção de tal mercadoria na epoca em que foi exportada para os Estados Unidos e no lugar onde foi fabricada; no custo da producção deve-se incluir o dos materiaes e o da fabricação e todos os gastos de qualquer natureza que forem occasionados por dita producção e os gastos que se tiverem feito em preparar dita mercadoria e pol-a em estado de ser embarcada, e mais um augmento de não menos de 8 e de não mais de 50 por cento sobre o custo total assim determinado; e em nenhum caso será avaliada a dita mercadoria em menos da quantidade total que tiver custado sua producção, determinada da maneira que aqui se indica. Os avaliadores poderão, ao determinar qual é o valor sobre o qual têm de impor os direitos á mercadoria, tomar em consideração o preço a que a dita mercadoria ou outra semelhante se vende por atacado nos Estados Unidos, tomando em conta os direitos, o custo de transporte, de seguro e outros gastos que necessariamente deve haver occasionado pelo seu transporte do lugar donde foi embarcada aos Estados Unidos, e tambem uma commissão razoavel, si alguma se tiver pago, e que não exceda de 6 por cento.

SEC. 33. Que a partir da data em que esta tarifa entrar em vigor, todos os effeitos, generos e mercadorias previamente importados e acerca dos quaes não se tiver feito a declaração correspondente, e todos aquelles que tiverem entrado sem pagar direitos, sob fiança já seja para pol-os em armazens de deposito, para transportal-os ou para qualquer fim, e a respeito dos quaes não se tiver dado ordem de entrega ao importador ou a seu agente, pagarão, ao fazer-se a declaração ou ao retirar-se os mesmos os direitos que se impõem nesta tarifa; com tanto que quando os direitos se basearem sobre o preço da mercadoria depositada em algum armazem de deposito publico ou particular e sob fiança, aquelles se contarão sobre o peso que a mercadoria tinha na data em que se fez a declaração de entrada.

SEC. 34. As secções primeira até vigesima quarta inclusive da lei intitulada "Uma lei para reduzir impostos, para prover rendas ao Governo, e para outros fins," que entrou em vigor no dia 28 de agosto de 1894, e todas as leis ou partes dellas que sejam incompativeis com as estipulações desta tarifa, ficam revogadas, e esta revogação vigorará a partir da data da approvação desta tarifa; mas a mencionada revogação não affectará actos executados, nem direito algum adquirido, nem juizo ou procedimento algum que se tenham verificado ou iniciado em assumpto civil antes desta revogação ou modificação; mas todos os direitos adquiridos e responsabilidades incorridas sob as citadas leis continuarão e poderão fazer-se effectivos como si a dita revogação ou modificação não tivesse tido lugar. A respeito de qualquer falta que se commetter e todas as multas ou confiscações ou responsabilidades que se incorrerem antes da approvação desta tarifa pela infracção de alguma lei mencionada na presente, ou alterada, modificada ou revogada pela mesma, proceder-se-ha para os effeitos legaes como si esta lei não tivesse sido approvada. Todas as leis de prescripção, já sejam applicaveis a causas e procedimentos civis ou criminaes, ou para fazer effectivas multas ou confiscações que se mencionam na presente, ou que se modifiquem, alterem ou revoguem, não serão alteradas por ella; e todos os juizos, procedimentos ou causas civis ou criminaes por actos executados antes da approvação desta lei poderão iniciar-se e continuar-se dentro

do mesmo tempo e com os mesmos effeitos como si esta lei não tivesse sido promulgada; com tanto que nenhuma disposição contida nesta lei será interpretada como revogando as estipulações da secção 3058 dos Estatutos Federaes como foram emendados pela lei approvada a 23 de fevereiro de 1887, relativamente ao abandono e entrega de mercadoria a companhias de seguros ou áquelles que salvam propriedade, e a verificação de direitos a ellas correspondentes: e outrosim com tanto que nada nesta lei possa ser interpretado como derogatorio ou de maneira alguma reformatorio das secções 73, 74, 75, 76 e 77 da lei intitulada "Uma lei para reduzir os impostos, prover rendas ao Governo e para outros fins," a qual entrou em vigor a 28 de agosto de 1894.

Approvada a 24 de julho de 1897.

348. Toutes laines, poils de chameau, de chèvre, d'alpaca et autres animaux semblables, seront divisées, dans le but de fixer les droits à imposer, dans les trois classes suivantes:

349. Classe I, c'est-à-dire, mérinos, mestiza, metz ou laines métisses, ou autres laines de sang mérinos immédiat ou éloigné. Lainages de Down pour vêtements, et laines du même genre que les précédentes, comprenant la laine de Bagdad, la laine d'agneau de Chine, de Castel Branco, d'Adrianople ou laine de boucher, et toutes celles qui ont été habituellement importées jusqu'à présent aux États-Unis, de Buenos Ayres, de la Nouvelle Zélande, d'Australie, du Cap de Bonne Espérance, de Russie, de la Grande Bretagne, du Canada, de l'Égypte, du Maroc, et d'ailleurs, et toutes laines non comprises dans les classes II et III.

350. Classe II, c'est-à-dire, les laines peignées de Leicester, Cotswold, du Lincolnshire et de Down, les longues laines du Canada, et autres longues laines de sang anglais, et connues habituellement sous les noms donnés ci-dessus, ainsi que le poil de chameau, de la chèvre Angora, d'alpaca et d'autres animaux semblables.

351. Classe III, c'est-à-dire, les laines de Donskoi, celles originaires de l'Amérique du Sud, de Cordova, de Valparaiso, originaires de Smyrne, le poil de chameau de Russie et tous les lainages du même genre qui ont été habituellement importés jusqu'à présent aux États-Unis, de Turquie, de Grèce, de Syrie et d'autres pays, excepté les laines améliorées dénommées ci-après.

352. Les échantillons types de toutes laines qui sont maintenant ou pourront être déposés dans les principales douanes des États-Unis, avec l'autorisation du Secrétaire de la Trésorerie, seront les types pour la classification des laines d'après cet Acte, et le Secrétaire de la Trésorerie est autorisé à renouveler ces types et à les augmenter de temps à autre suivant la nécessité, et il les fera déposer dans les autres douanes des États-Unis qui pourraient en avoir besoin.

353. Quand les laines de la classe III auront été améliorées par le croisement de sang mérinos ou anglais, de manière à leur faire perdre le caractère représenté par les échantillons types déposés, ou qui seront déposés dans les principales douanes des États-Unis, ces laines ainsi améliorées seront classées pour les droits à percevoir, dans la classe I ou classe II, suivant le cas.

354. Les droits sur les laines de première classe, importées lavées, seront le double du montant du droit auquel elles auraient été soumises si elles étaient importées non lavées; et le droit sur les lainages de première et seconde classe, importés nettoyés, sera triple de celui auquel ils auraient été soumis, si ils étaient importés non lavés. Le droit sur les laines de troisième classe, importées en condition propre à être cardées et filées, et qui ne contiendront pas plus de huit pour cent de poussière ou autre substance étrangère, sera le triple de celui auquel elles seraient soumises à l'état naturel.

Le droit sur les laines de mouton, ou le poil de chameau, de chèvre Angora, d'alpaca et d'autres animaux semblables, des classes I et II, importées dans des conditions autres que la condition ordinaire, ouqui ont été triées et augmentées de valeur par le rejet d'une partie de la toison originale, sera le double du droit auquel elles auraient été autrement soumises. Pourvu que les laines "skirted," importées en dix-huit cent quatre-vingt-dix et antérieurement, soient exceptées. Le droit sur la laine de mouton et le poil de chameau, de chèvre Angora, d'alpaca et de tout autre animal d'une classe quelconque, dont la qualité ou la condition aurait été changée, ou dans le but d'éviter le paiement du droit, ou qui sera diminuée de valeur par l'introduction d'impuretés ou autre substance étrangère, sera le double de celui auquel elle aurait été soumise autrement. Quand le droit imposé sur une laine quelconque, équivaut au triple ou plus, à celui qui aurait été imposé si cette même laine était importée non lavée, il ne sera pas doublé parce que la laine a été assortie. Si un ballot ou colis de laine ou de poils dénommé est déclaré et expédié comme appartenant à une classe spécifiée, ou si l'importateur déclare une classe spéciale et que ce ballot ou colis contient de la laine ou du poil sujet à un droit supérieur à celui de la classe déclarée, le ballot ou le colis en entier, sera soumis au droit le plus élevé sur la laine de la classe soumise au droit le plus élevé, et si un ballot ou colis est déclaré par l'importateur renfermer de la laine d'effilochage, de la bourre tontice, de la laine ou poil, ou autre matière appartenant à une classe dénommée dans cet Acte, et si ledit ballot contient un mélange d'une ou de plusieurs de ces matières ou toute autre, le ballot ou le colis entier sera soumis au droit le plus élevé imposé sur tout article contenu dans ce ballot ou colis.

SEC. 32. Les articles sept et onze de l'Acte intitulé: "Un Acte pour simplifier les lois relatives à la perception des revenus," et approuvé le dix juin mil huit cent quatre-vingt-dix, sont modifiés ainsi qu'il suit:

"ART. 7. Le propriétaire, consignataire, ou agent de toute marchandise importée, actuellement achetée, pourra, au moment qu'il en fait et vérifie sa déclaration d'entrée par écrit, mais pas après, ajouter au prix coûtant ou à la valeur portée sur la facture, ou d'une pièce en forme de facture qu'il devra produire avec sa déclaration d'entrée, qui, dans son opinion, pourrait faire hausser le prix coûtant et la valeur portée sur la facture jusqu'à ce qu'elles atteignent le prix courant du marché actuel en gros de ces marchandises, à l'époque de leur exportation aux États-Unis, sur les principaux marchés du pays d'où elles ont été importées; mais cette addition ne devra pas être faite sur la valeur facturée, lors de la déclaration d'entrée d'aucune marchandise obtenue autrement que par un achat réel, et le Directeur de la douane dans le district duquel toutes marchandises pourront être importées ou entrées, que ce soient les mêmes qui ont été actuellement achetées ou procurées autrement, en fera expertiser la valeur d'après le marché actuel ou leur prix en gros, et si l'évaluation de tout article importé, soumis à un droit à la valeur, ou à un droit basé et réglé d'une manière quelconque sur la valeur, excédait celle énoncée dans la déclaration d'entrée, il sera imposé, perçu et payé, en plus des droits imposés par la loi sur ces marchandises, un droit additionnel d'un pour cent du total de l'évaluation de sa valeur, pour chaque un pour cent excédant celle énoncée dans la déclaration d'entrée; mais les droits additionnels seront seulement appliqués à l'article spécial ou aux articles spéciaux cotés au-dessous de leur valeur réelle, et limitées à cinquante pour cent de l'évaluation de cet ou ces articles. Ces droits additionnels ne seront pas interprétés dans un sens pénal et ne seront ni remis, ni le payement évité d'une manière quelconque, excepté en cas d'erreur manifeste faite par un commis; ils ne seront également pas remboursés dans le cas d'exportation de ces marchandises, ni pour aucune autre raison ou considération, et ne jouiront pas du bénéfice des drawbacks: Pourvu que, si l'évaluation de toute marchandise excède la valeur énoncée dans la déclaration d'entrée de plus de cinquante pour cent, excepté en cas d'erreur manifeste faite par un commis, cette entrée sera considérée comme une présomption d'entrée frauduleuse, et le Directeur de la douane saisira ces marchandises et poursuivra comme en cas de confiscation pour violation des lois de douane; et dans toute poursuite légale qui résulterait de cette saisie, l'évaluation inférieure telle qu'elle sera démontrée par l'évaluation, sera une présomption évidente de fraude, que l'inculpé devra réfuter; faute de quoi, la confiscation sera prononcée, à moins que l'intention frauduleuse ne soit détruite par une preuve suffisante présentée par lui. La confiscation prévue dans cette section sera appliquée à toute la marchandise ou à sa valeur renfermée dans les caisses ou colis contenant l'article ou les

articles spéciaux portés sur chaque facture au-dessous de leur valeur réelle: Pourvu, en outre, que tous droits additionnels, pénalités ou confiscations applicables aux marchandises entrées avec une facture dûment certifiée, seront également applicables à celles entrées au moyen d'une déclaration ou d'une pièce en forme de facture, et aucune confiscation ou incapacité que ce soit, encourue contrairement aux dispositions de cette section, ne sera remise ou diminuée par le Secrétaire de la Trésorerie. Les droits, quels qu'ils soient, ne pourront être établis en aucun cas d'après un montant inférieur à celui de la valeur inscrite sur la facture.

"SEC. 11. Lorsque la valeur actuelle sur le marché, telle qu'elle est définie par la loi, de toute marchandise importée, en tout ou en partie fabriquée, et soumise à un droit à la valeur, ou à un droit basé en tout ou en partie sur la valeur ne peut être autrement établie à la satisfaction de l'expert, il emploiera tous les moyens les plus efficaces dont il dispose pour en fixer le prix de revient au lieu de fabrication, à l'époque de son exportation aux États-Unis, y compris le prix des matières premières, de la main-d'œuvre, tous les frais généraux, de quelque nature que ce soit, appartenant à la fabrication, ainsi que les frais de préparation, d'emballage et autres pour l'expédition, et l'augmentation ne sera pas inférieure à huit, ni supérieure à cinquante pour cent du coût total ainsi établi; et dans aucun cas cette marchandise ne sera expertisée d'après l'évaluation originale ou d'après une seconde expertise, au-dessous du total du prix de revient tel qu'il a été établi. Il sera légalement permis aux experts, en déterminant la valeur imposable, de prendre en considération le prix en gros auquel cette marchandise, ou une autre marchandise similaire, est vendue ou offerte en vente aux États-Unis, et une réfaction convenable sera faite des droits supputés imposés, des frais de transport, d'assurance et autres dépenses nécessaires à l'expédition aux États-Unis et d'une commission raisonable s'il en a été payé une, qui n'excédera pas six pour cent."

SEC. 33. Dès et après le jour où cet Acte sera mis en vigueur, tous objets fabriqués et autres marchandises importés antérieurement, pour lesquels aucune déclaration d'entrée n'a été faite, et tous ceux précédemment déclarés mais qui n'ont pas acquitté les droits et mis sous caution, pour être entreposés, transportés, ou pour tout autre but, pour lesquels aucun permis de livraison à l'importateur ou à son agent n'a été émis, seront soumis aux droits imposés par cet Acte, et à aucun autre droit, lors de leur déclaration d'entrée ou de leur sortie: Il est entendu que, lorsque les droits sont basés sur le poids des marchandises déposées dans un entrepôt public ou privé, lesdits droits seront imposés et perçus sur le poids de ces marchandises au moment de leur entrée.

SEC. 34. Les sections depuis un jusqu'à vingt-quatre, inclusivement, d'un Acte intitulé "Un Acte relatif à la réduction des taxes, et pourvoir aux revenus du gouvernement et à d autres fins," mis en vigueur le vingt-huit août, mil huit cent quatre-vingt-quatorze, et tous les Actes ou parties d'Actes incompatibles avec les dispositions de cet Acte sont abrogés; ladite abrogation entrera en vigueur dès et après le passage de cet Acte, mais l'abrogation des lois existantes ou les modifications qui y sont apportées, n'affecteront aucun acte déjà commis, aucun droit acquis ou en voie de s'acquérir, aucun procès intenté ni procédure commencée dans toute cause civile, avant lesdites abrogations ou modifications; mais tous les droits et responsabilités existant en vertu desdites lois, continueront et seront mis en vigueur comme si les susdites abrogations ou modifications n'avaient pas été faites. Tous délits commis, toutes pénalités, et toutes confiscations, ou responsabilités encourues

antérieurement au passage du présent Acte, en vertu des lois insérées, changées, modifiées, ou abrogées par le présent Acte, ou changées, modifiées ou abrogées par lui, pourront être poursuivis ou punis comme si cet Acte n'avait pas été voté. Tous les Actes de prescription, soit qu'ils s'appliquent à des causes et procédures civiles, à des poursuites pour délits, recouvrement des amendes ou des confiscations comprises ou modifiées, changées ou abrogées dans le présent Acte, n'en seront pas affectés; et tous procès, procédures ou poursuites, soit au civil, soit au criminel, pour des causes, ou des actions existant ou commises avant le passage du présent Acte, pourront être commencés et poursuivis dans le même délai et avec le même effet que si cet Acte n'avait pas été passé: Pourvu, que rien dans cet Acte ne soit interprété comme abrogeant les dispositions de l'article trois mille cinquante-huit des Statuts Révisés, tel qu'il a été modifié par l'Acte approuvé le vingt-trois février mil huit cent quatre-vingt-sept, relatif à l'abandonnement des marchandises aux assureurs ou sauveteurs d'objets naufragés, et à la fixation des droits auxquels elles sont passibles: Pourvu en outre, que rien dans cet Acte ne sera interprété comme abrogeant ou affectant d'une manière quelconque les sections soixante-treize, soixante-quatorze, soixante-quinze, soixante-seize et soixante-dix-sept d'un Acte intitulé: "Un Acte pour réduire les taxes et pourvoir aux revenus du gouvernement et à d'autres fins," devenu loi le vingt-huit août mil huit cent quatre-vingt-quatorze.
